

ALBANY LIGHT OPERA AND THEATRE CO (INC)

MAKEUP REQUIREMENTS

The Company provides specialised makeup where necessary, but to protect your health we need you to provide the following personal items for yourself. They need to be in a makeup bag or zip lock bag clearly marked with your name and contact number.

Minimum brushes needed – 5.

- Powder brush – large head
- Blush brush – slightly smaller than powder brush.
- Eye shadow brush
- Lip brush
- Eyebrow brush

Photo above is example of Eco brand brushes but there are many brands and a wide range in prices. If you hope to continue performing then I suggest you get a good quality brush. Cheaper brushes are fine for 1 or 2 shows. It is also useful to have extra brushes for shading but not absolutely necessary. Brushes can be bought individually or in kits at Priceline, Spotlight, Icky Finks, supermarkets and other outlets.

In some cases small disposable brushes and cotton buds can be used in place of the eyeshadow and lip brushes but if you plan to continue in theatre it is useful to go ahead and invest in a good complete base set of your own brushes. You will get a better outcome with good equipment.

1. Lipstick. Check with Lynn re colour.
2. Eye liner
3. Mascara
4. Foundation sponges
5. Foundation, unless special foundation is required. Buy a foundation two shades darker than your skin tone.
6. Makeup removal wipes or baby wipes.
7. Packet of makeup pads or box of tissues.
8. Toner and moisturiser to apply after makeup removal if you require.

Take care of your equipment and keep your makeup bag near your costumes in the dressing rooms.

It is vital to keep the makeup area as clean as possible. Take responsibility for your mess.

Any questions about your makeup please ask Lynn and her team of helpers and follow her instructions.

Thank you.
